

## I/O accessories

### portable cd-rom drive

This ultra-slim, portable CD-ROM drive is perfect for quick data retrieval and application installation. With speeds up to 3600 kb's (24X), workers can quickly and easily access a wide range of data stored on CD's. There are two versions of this drive available, a PCMCIA card interface and a USB interface. The PCMCIA version is powered from the computer, using no external power. The USB version requires external A/C power and Windows 98 or 2000 to operate.

Part Number 57-0005-001 (USB Version) ..... List Price \$180.00  
Part Number 57-0005-002 (PCMCIA Version) ..... List Price \$180.00

### external 3.5" floppy disk drive

This external 3.5" floppy disk drive provides a quick and easy way to transfer data to and from the computer. Using a PC Card interface, this slim and compact unit allows the mobile worker to use the floppy drive at any time without exiting a program or restarting the computer. Works with Windows 95, 98, and 2000. No external power supply is required.

Part Number 47-0020-003 ..... List Price \$220.00

### tip and ring cables

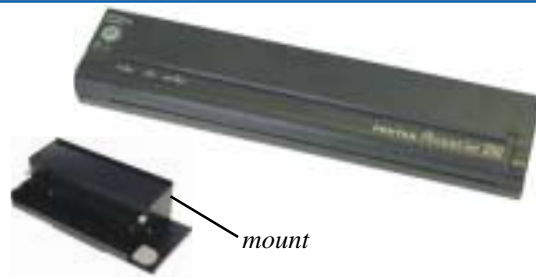

These tip and ring cables allow the end user to connect to a telephone line via an RJ11 jack or with alligator clips. Alligator clips include jaws, needles and bed of nails.

Part Number 52-0102-003 ..... List Price \$42.00

### pentax printer and mounting kit

This compact thermal printer weighs only 1.12 lbs and is 10.4" x 1.18" in size. It provides crisp 200dpi resolution of text and graphics and prints up to 3 pages per minute (35 to 40 pages per battery charge). Paper sizes include letter, legal, A4, cut-sheet and roll paper. This kit includes the printer, a roll of paper, and an adapter. Also available is a vehicle mounting kit, which provides an easy way to store and use the printer in a vehicle office environment.

Part Number 57-0001-001 ..... List Price \$375.00  
Part Number 57-0002-001 (mounting kit) ..... List Price \$99.00

**removable keyboard overlay**

The removable keyboard overlay adds an additional layer of protection to the computer's keyboard. It also helps prevent dust intrusion and liquid from being spilled directly into the keyboard.

Part Number 53-0367-001 ..... List Price \$15.00
