wireless mobile computing Solutions for your enterprise

GoBook® PRO

Itronix: the Standard in semi-rugged mobile computing

highlights

- Thin & lightweight
- Intel Mobile Pentium IV
- Integrated wireless technology
- Affordable toughness

Itronix: The inventor of rugged, wireless computing presents the GoBook PRO™

The GoBook PRO is a sleek, high performance notebook designed to meet the real-world computing needs of today's on-the-go supervisors, high-end technicians and professionals. Inside the GoBook PRO are industry-leading features such as Intel's Mobile Pentium IV processor, integrated wireless and wireline modems and the latest multimedia capabilities.

From Public Safety offices and conference rooms to maintenance facilities and flights at 35,000 feet, the GoBook PRO keeps you productive and free of the frustration associated with the high annual failure rates of commercial notebooks. And when the going gets tough, the GoBook PRO can take more vibration and drops than any computer in its class.

The GoBook PRO: The computer of choice for professionals on the Go.

product specifications

Case:	Magnesium alloy
Dimensions:	12.3" x 10.1" x 1.4" (31.25 cm x 25.7 cm x 3.53 cm)
Weight:	5.4 lbs (2.43 kg) including batteries
Processor:	1.8 GHz Intel Mobile Pentium IV processor with 512 KB L2 Cache
Memory:	256 MB DDR DRAM standard, expandable to 640 MB
Storage:	30 GB HDD standard, 40 GB HDD option
Display:	14.1" • XGA (1024 x 768 pixels) TFT active matrix color LCD • 128 bit Ultra AGP 3D Graphic Engine with motion compensation support; 32 MB video memory
Audio:	Internal microphone and two (2) speakers • PCI Audio with AC-97 compliance
Keyboard:	85-keys plus (4) "Quick Launch" Internet keys
Pointing Device:	Touchpad 4 button controls
